### SENSATION MIXTURE

We were recently the lucky purchasers of all the odd boxes of stamps, stock books, approval books, sets, old packets, old back mixtures, etc., from London's oldest established stamp shop.

The proprietor having recently retired, much of it has lain untouched for years.

We came across a big parcel of good class and rare stamps that had probably been put aside for eventual sorting and cataloguing, thousands of good quality items that price 15c, 30c, 50c, and even \$5 and \$10 each.

We are not sorting or classifying at all. You may get 6 or 7 \$5 stamps in a \$3 lot.

Apart from the rare stamps this mixture is remarkable for its unusual variety, and will give many hours of profitable pleasure to any dealer or collector to sort.

The whole lot has been mixed together and is guaranteed unsorted.

Weighed out into lots of about 6,000 stamps including early U. S. \$3 per lot, 5 lots for \$12.

You will definitely become a permanent customer after buying a "SENSATION" lot. Sent post free per return securely packed. Cash returned in full without question or quibble if you are not delighted.

## News of The Stamp World

**P**OSTMASTER General Farley announced March 10 that, with the personal approval of President Roosevelt, who is an enthusiastic stamp collector, he has directed the issuance of a special stamp to commemorate the 150th anniversary of the issuance of the Proclamation of Peace, at Newburgh, N. Y., April 19, 1783.

The new stamp will be of the three-cent denomination printed in purple ink. It will show Washington's headquarters at Newburgh, with his flag flying from the staff and depict the surrounding mountains and river. At the top of the stamp will be the words "U. S. Postage."

The stamp will first be placed on sale at the post office at Newburgh, N. Y., on April 19, and at the Philatelic Agency, Washington, D. C. on the day following. It will be on sale at other post offices throughout the country as soon as distribution can be made.

There will be 50,000,000 of the new stamp printed at the Bureau of Engraving and printing for use of postmasters.

The Hasbrouck House, at Newburgh, which Washington occupied as his headquarters and which is still standing, claims to be among our most cherished and famous Revolutionary shrines. Washington occupied the home from April 1, 1782 to August 19, 1783. It was from this house that he wrote his famous letter of advice to the Governors of the States, and also his reply to Colonel Nicola, disdaining the offer of a crown.

The headquarters are often referred to both as the first White House and the Cradle of the Republic. It was here, on April 19, 1783, that General Washington issued the formal proclamation of Peace with the British and

from here that many of the Continental troops were disbanded.

At the time this copy is prepared no statement has been made about covers being supplied to collectors as is the usual method with the issue of new stamps but collectors can doubtless proceed in the usual manner and remit direct to the Postmaster at Newburgh by coin, currency or Money Order along with addressed envelopes on which stamps will be placed and mailed with first day cancellation.

President Roosevelt being a stamp collector will probably look with favor on numerous proposed special stamp issues. Probably he will figure that a few thousand dollars here and there will help balance the Postoffice Deficit.

Add to list of Oglethorpe Plate Numbers reported in March 11 issue, the numbers 21104-5-6-7 reported by Daniel Callahan and Harry Broderick.

Word is at hand that both a 1c and a 3c stamp are to be issued for the Century of Progress Exposition to be held at Chicago, the opening date being June 1st. Old Fort Dearborn is the subject for the 1c value and the Administration Building of the Exposition will be pictured on the 3c value according to advice from Helen B. Rawls of Chicago. Information as to the date of issue is lacking altho some newspaper clippings state the stamps will be issued before the end of this month.

choice stamps at its meeting of April 11. Printed catalogues can be had by addressing H. B. Keffer, 21 Broadway, New Haven, Conn.

Al Jones of Wabash, Indiana, sends a newspaper clipping relative to State Tax Stamps to be issued in Indiana. Denominations of 5, 10, 25, 50c and \$1, \$1.25 and \$2.50 to be used for a tax on intangibles.

Representative Jennings Randolph of West Virginia has introduced a

bill in the House at Washington to provide for a Memorial stamp for Anton J. Cermak, late mayor of Chicago, who was killed by an assassin's bullet intended for President Roosevelt. It is proposed that the stamp be issued on the day of the opening of the Chicago Exposition, June 1st. Doubtless President Roosevelt will look with favor on this tribute to a man who died for him.

Collectors in the vicinity of Beaver Falls, Pa., should mark the dates, April 1 and 2, in their date book for on those days the Beaver County Philatelic Society holds its open house meeting at the General Brodhead Hotel. There is to be an exhibition, an excellent program with some surprises promised and a banquet on Saturday evening. All stamp fans are welcome.

Samples of the three styles of hinges manufactured by Continental, 30-97 37th St., Astoria, L. I., New York, are at hand. A word to any wise dealer should be sufficient. Do not fail to examine the samples of the hinge on parchment paper. It seems to be a thoroughly peelable hinge, one that has the ability to snap loose from a mint stamp without injury to the stamp and at a price lower than such a hinge has heretofore been offered.

Mr. Harold W. Field, noted precancel collector of Charleston, W. Va., advises of the formation of a stamp collectors club in Charleston. First meeting was March 1st, and permanent organization is to be affected. Any collector in the vicinity can get further information as to meeting date by addressing Mr. Field at the Charleston National Bank Building.

**BRAZIL**—The Airpost Journal reports that one sheet of the 7 milreis Instrucao type Zepelin stamp has been found containing ten horizontal pairs imperforate between. Not being a close student of this country, we are unable to locate the number in Scott's to which they refer.

**CANADA**—New Special Delivery just issued. Design similar to Scott's type SD4, but with the word "CENTS" only along the bottom panel; Perf. 11, unwmk.:

20c. henna brown

(A. Horah Kirkpatrick)

**CHILE**—The 5 pesos olive & black, has been issued with the "CORREO AEREO" overprint in black instead of blue. (The blue overprint was noted in our issue of Feb. 25th.)

(The Airpost Journal)

**CUBA**—Word has just been received from the Main Post Office at Havana, that a new issue of Cuban stamps would probably be placed on sale soon at all post offices throughout the Republic. No particulars as yet as to the number in the set or the values to be issued.

(H. W. K. Irvine)

**GREECE**—There has recently been located a sheet with ten horizontal pairs imperforate between, of the 2d. rose, lilac, yellow, blue & black, Air Post stamp, Scott's #751.

(The Airpost Journal)

**GUATEMALA**—Actual figures on the last interior air are 99,599, instead of 500,000. The commission of control ordered the destruction of one sheet of 100 stamps with double surcharge, three with inverted surcharge, and one

stamp with "oo" in "Aereo." One sheet of the 3c. of the Interior set issued Feb. 11, 1932, exists with inverted surcharge. Of the total of 100 stamps, comprising this sheet, 70 were used for postage and 30 mint copies are available.

(The Airpost Journal)

**INDIA**—Cochin—Another provisional 10 pies, prussian blue, wmk. umbrella, surcharged "NINE PIES" in English over the words "COCHIN ANCHAL", similar to Scott's #32. The figure 10 at the right is overprinted with a large antique "9", and the left figure 10 is overprinted in Hind with the new value. The new value appears also at the foot in Hindu:

A7—9p. on 10p. deep blue

(R. Roberts)

**INDIA**—Soruth—We have been shown the 1r. Official stamp, Scott's #208, with the overprint "Sarkar", in Roman capitals instead of block letters. We are also informed that the 3, 4 and 8 annas also exist with the new overprint.

(Whitfield, King & Co.)

**MARTINIQUE**—Postage due stamps to go with the new pictorial set chronicled last week: 5c. blue on emerald; 10c. red-brown; 20c. blue; 25c. red on pink; 30c. purple; 45c. red on yellow; 50c. brown; 60c. sage-green; 1fr. black on orange; 2fr. magenta; 3fr. blue on azure. The design is that of a group of tropical fruits.

**NEWFOUNDLAND**—15c. Air Mail stamps, Scott's AP6, with watermark, overprinted for ordinary postage use. The overprint is vertical and reads downwards in Roman letters "I. & S. POST" in black, 18mm long, the capitals being 1½mm high. They are overprinted in blocks of 25, and the words "AIR MAIL" on each side are obliterated with two vertical bars, which vary a little in length. The reason for this overprint is that the stock of 15c. postage stamps were sold out owing to its popularity, and it was decided to utilize the existing stock of Air Mail stamps. In order that Newfoundland should not be debited by other countries with Air Mail service rates, they were overprinted to distinguish them from the Air Mail stamps.

(R. Roberts)

**NICARAGUA**—One sheet of ten of the Earthquake Air Mail set, of each value, have been reported found imperforate. Thus five horizontal pairs of each value are available.

(The Airpost Journal)

Quite a few Black Harding varieties in handstamp types with colored inks which were not unusual at the time they were released, but an electro from Jacksonville, Fla., U-3 in red or I would say red-brown ink is a nice looking item. A 13c apple green from Bloomfield, N. J., in a handstamp type and in blue ink was an imposing looking precancel but upon looking it up in the catalog I am prone to believe it coincides with the note under type VII.

C. L. Yost of Pittsburgh submits a fine copy of the 5c Bi-Centennial from Grand Rapids, Mich., U-14 and a double printed. Shhh!! an 8c Bi-Cent. from Manitowoc, Wis., with the M entirely gone, broken out, missing or what have you. Business sure is bad or I never would let that one get through.

Pick ups for the week:—A 50c new type due Springfield, Ohio, in the type similar to U-13. A 3c Stuart from Clovis, Calif., U-122. An 8c Bi-Cent. Harrisburg, Pa., in the type that has the LARGE S.

Any precancel collector wishing to affiliate himself with a purely precancel organization of national scope should write to the secretary of the PRECANCELS STAMP SOCIETY who is Mr. C. C. Bradfield, 909 Cerito St., Albany, Calif., who can supply you with literature and information about the society.

The sale also comprises a small, but nice lot of early covers representing a recent original find, many commemoratives in sheets, entire collections, unusual cancellations, early issues wholesale, in fact as the company claims: **SOMETHING FOR EVERYBODY.**

Collectors and dealers will act to their own advantage requesting catalogue of the sale, the company making a special effort to describe condition of lots with punctilious care allowing the mail bidder a possibility to bid intelligently and safely.

If a humble collector finds a dot on a stamp

It is only a minor variety.

But if a specialist discovers it first

It's a gem of great rarity.

## For A Worthy Cause

The Warm Springs Stamp Club, at Warm Springs, Ga., "summer white house" of President Franklin D. Roosevelt, has just announced its formation with younger infantile paralysis patients there as members. The club is a group of the National Patients Committee of the Georgia Warm Springs Foundation.

The members have elected John Reisner, of White Plains, N. Y. (photo enclosed), as chairman of the group.

The Warm Springs Stamp Club's first major effort will be the formation of the "Franklin D. Roosevelt Collection," and for this collection the National Patients Committee will re-

ceive stamps from all over the world which collectors will send from among their duplicates.

All collectors are asked by the stamp club to send stamps for this purpose. Down there at Warm Springs, Ga., where these patients are fighting a battle for life itself against one of the worst diseases known, stamps will invigorate mind and body, will aid in passing the long hours and days, and will help physicians and nature in reclaiming these sufferers.

In all the years of stamp collecting, no more worthy cause has been pre-

sented the collectors of America to do a direct and most helpful good. Every stamp received will aid in the work which has been started. Every package mailed will mean more hours of pleasure and recreation and educational benefits to the younger members of the patients colony at Warm Springs.

Will not the collectors respond? Will not dealers with a surplus in any line send a lot to this amateur group which has just joined our hobby?

The answers must be "yes", in such numbers that the stamp group and the National Patients Committee will soon find that in stamp collecting, this group made no mistake in joining our hobby.

The patients at Warm Springs, for the most part, are not able to pay entirely for the treatments, etc., they receive there, so they are not in position to buy stamps. All stamps sent must be gifts from those of us who have to those who have not.

The program of the Warm Springs Stamp Club is international, in that the patients will correspond with patients in hospitals all over the world, exchanging stamps and enjoying the correspondence which our hobby makes possible.

Not only stamp collectors, but persons outside the hobby are asked to send stamps to this club. In this way, it is planned to interest those without as well as within the hobby in the work of rehabilitation being done down there, work which gave to the United States for its president, Franklin D. Roosevelt.

## American Airpost Catalog

Our good friend Kenneth Talmadge associated with Edwin H. Brennecke of Chicago, have issued The American Airpost Catalogue. The Catalog is dedicated to the late A. V. Dworak of Holton, Kansas, publisher of the Dworak Airmail Catalog.

The publishers state that they believe that the demise of the Dworak Catalog has left a void which has not been filled and they feel the call to issue a catalog that will fill this void.

The first edition is divided into five parts, Dedication covers, Commemorative covers, Coste-Bellonte Tour, Post-Gatty Tour and Byrd Covers.

Our own lack of interest in the many covers that are listed in this catalog prohibits our reviewing it in any way other than as a mere piece of printed matter. Doubtless there are a large number of collectors who are interested in covers, this is proven by the great interest that is manifested by our readers. This new catalog should be valuable to such collectors as a guide and a balance in the purchase, sale and exchange of covers with fellow collectors.

The book is neatly prepared, has many attractive illustrations and is

well worth the small price of 50c which is asked for it. It consists of 114 six by nine pages with paper cover. Address Edwin H. Brennecke, 422 N. LeClaire Ave., Chicago.

## Stamp News From Buffalo

By IKNOALL

Buffalo again came into its own with one famous blessed event of a new stamp column appearing in the Buffalo Sunday Times. "Montee" Mulford is at the helm and deserves an orchid for his fine work. We wonder if "Doc" Cummings and "Stick 'em in" Zenger would take their noses out of their stamp books if the Buffalo gang could sign up Goya's Duchess to walk into the meeting some nice evening? Another famous blessed event that took Buffalo by storm was the fine exhibit being put on by the Bison Philatelic Society in the Museum of Sciences. They deserve several orchids for their fine work. Another orchid should be handed to the several live wires who reorganized the Orient Philatelic Society over at East High. Buffalo collectors are still being served with nice centered stamps at the Market P. O. branch by good old "Freddie" Koepf. John "Ol' Reliable" Schaeffer still trots in from Hamburg for the regular meetings. We wonder what the meetings of the Buffalo Stamp Club would be without those everpresent dealers: Creed, Davis and Herget? There's a rumor that there is a price being offered to the one who unmasks me? Are you capable of it? WLSN signing off.

## New Vatican Stamps Issued

We are again glad to welcome back into our advertising columns the Union Filatelica Nazionale of Rome, Italy. This firm used considerable space in our publication about a year ago. Since that time we have had no business with them but they again offer in this issue the new Vatican Stamps that have just been issued. We are glad to say to our readers who are unacquainted with this firm that our business with them has always been highly satisfactory to us and that they have always been prompt in meeting their obligations in business transactions with us.

**OFF FOR CLEVELAND** Shortly after this is written, your Editor will load up the machine with a grip full of extra collars and an armful of stamps and kindred Philatelic items and start for the great annual meeting of the Garfield-Perry Stamp Club at Cleveland, Ohio, which this year is to be started on Friday, March 17, the anniversary date of the club, with a bourse, an informal dinner and an Auction, then on Saturday morning there is to be an informal meeting of members of the American Philatelic Society.

The object of this meeting is to try to find a means of holding annual sectional meetings of the A. P. S. in various parts of the country with the thought in mind that such meetings would be welcomed by the vast majority of members who cannot make the cross country trip that is frequently necessary to attend annual conventions.

not permit a thorough discussion of the subject and in so far as the A. P. S. is concerned it might be just as well to wait and print what transpires at this meeting as to attempt to point out ways and means by which sectional meetings of stamp collectors can be held.

For our own part, we always favor action of some sort rather than mere discussion and we fear that it will be pointed out to the sponsors of any plan that may be brought forward that there is nothing in the Constitution of the A. P. S. that will permit such meetings and of course that being the situation, it just can't be done.

Perhaps that finding will quiet some of the boys and make them feel that they have done all that they can do to realize their ambition.

There has always been in our mind a belief that the greatest good that a collector gets from any stamp club, society or association comes from his interest in his local club, next to that, contact with clubs within his own state or in neighboring cities.

National associations or societies are built with the idea that the national body is the chief unit and so long as that is the situation it is not practical to get the most that can be had for your local organization from the parent organization.

There is a remedy for the situation however and it lies solely in the organization of local clubs, their eventual association together as state or sectional units and eventually when organizations of this sort are founded in various parts of the country, co-operation among them for mutual benefit, always with the thought in mind that the local units are the chief factors.

An organization founded on these lines could become a very large and powerful national organization within a very short time. Its strength would be in its many local branches, the greater part of the cost of membership would go into the local club treasury, only a small part of the total going to the state or sectional unit and a small part to the national unit.

As we are organized at present, there are hundreds of small clubs throughout the country. Membership cost in these varies from nothing to as much as ten or twelve dollars per year. In the formation of a national organization based on the plans roughly outlined, the greater part of the dues for any local club would stay in the local club treasury, only a certain portion would be paid to the state and national unit.

Each local club would have representation in the state governing body through its president. Each state unit would have representation in the national unit through the state president.

Anyone who knows anything about local stamp clubs know that there are few that have ever successfully conducted a sales department. This is due solely to the fact that within a

short time after its organization, the boys have all seen what the other fellow has to offer. With a state organization it would be possible to have an

interchange of local club sales circuits that would make a local sales department practical.

Another thought on the plan of organization outlined is that as we all know, stamp collectors somehow like to be active in their hobby, thus the more opportunity a body of collectors gives its associates to hold office, to participate in the activities of the association, to actually feel and be a part of it, just so much more successful and active is that organization.

The A. P. S. has an opportunity to reverse itself, organize in the way that will give it new life and make it bigger than it has ever been before. Failing to do this will probably some day result in seeing an organization of local clubs which will eventually spread from state to state and become the largest stamp collectors organization in the world.

Mr. H. C. Karle of Southbridge, Mass., obliged this department with a peek at his specialized Providence, R. I., buro collection. A beautiful sight to behold and a fine example of what can be accomplished with concentration.

We recently looked over a small lot of fairly modern buro mix and noted that Milwaukee Wis 1c coils were trickling thru. Can any of our Milwaukee readers enlighten further on this subject?

## U. S. Macon

The new dirigible having been duly christened, it is expected that trial flights will be made around March 30th. We have no notice that the Akron Chamber of Commerce will have special markings for covers on that day, but in line with the past experience we expect that they will do so.

## Presidential Air Mail

In addition to being an ardent philatelist, President Franklin D. Roosevelt is an aviation enthusiast and it is reported that a beautiful new Douglas amphibian plane, has been delivered in Washington, for his personal use during his administration. We do not know if he will carry any mail for collectors at any time, but it would certainly be a souvenir in any collection to have a cover carried on the Presidential plane.

## Aviation Anglers Club

This is something new, a fishing club of the air, and contains the names of such fliers as Balchen, Hawks, Rickenacker, de Seversky, Springs, Williams, Haizlip, Doolittle, Haldeman and Bishop, and when they fly and they surely will, to invade the streams and lakes next month in pursuit of trout, probably some collectors will be looking for covers.

## Oakland, Cal.

The Postal Bulletin of March 14th, announced that effective March 15th, on trips 1 and 4 the plane on A. M. 34 from Los Angeles to San Francisco would stop and take on mail at Oakland, Cal. so that our information on this city last week was evidently in error. However we repeat that these covers will be scarce.

## Fox River Valley

It is reported that air mail service in the valley, stops at Oshkosh, Fond Du Lac, Neenah, Menasha, and Appleton will be discontinued on March 31st. If any of you are interested in last day covers from these places, H. J. Burbach, P. O. Box 41, Oshkosh, Wis., kindly offers to handle them for you.

## Events

The Chamber of Commerce of Richmond, Va., is sponsoring a cachet from April 10-15 for the founding of that city by William Byrd, 1737, which from reports will be a beauty. Covers to Robert Wiatt, Jr., care of the C. of C.

For a cachet commemorating the Inauguration of Washington, send covers to Lewis A. Bernard, Fernwood, N. Y.

Chamber of Commerce at Longview, Washington, will cachet covers for the visit of Old Ironsides to that city, May 22-25. Covers to them.

For a cachet in memory of Lindbergh's flight to Paris, May 20th, 1927, send covers to R. H. Sowell, 1222 Eleventh St., N.W., Washington, D. C.

New Post Office at Chicopee, Mass., will be opened sometime in June, and Everett Cignoli, 25 Strong Ave., Springfield, Mass., offers to mail covers.

American Airways will sponsor cachet for the Army Air Maneuvers at Fort Knox, Ky., April 24-May 23d. Covers to Cachet Director, American Airways, Kentucky Hotel, Louisville, Kentucky.

May 1st, the Newark Chamber of Commerce will commemorate the 5th anniversary of the First Flight of A. M. 19, with an appropriate cachet. Air Mail covers only, and they should be routed "Via Atlanta" and sent under cover to Leo August, 510 South 18th St., Newark, N. J.

Stockton (Cal.) Chamber of Commerce will have good cachet April 1st, for the dedication of the deep water ship canal.

Most co-operators are stamp collectors, so why not put commemorative stamps on your correspondence to them, as a slight acknowledgment of their service to you.

## Brief Chatter

Frank B. Howe writes that the Grace line has decided not to supply cachet for the Santa Elena, the fourth of their new ships, so collectors should not send covers for that ship.—The Akron left Lakehurst March 11th, and is expected to fly to Panama, returning about March 24th—John K. Howe, 31 N. Green St., Chicago, Ill., formerly of Canton, Ohio, has kindly offered to handle First Day covers of the new Chicago Century of Progress stamps when issued. Also W. M. Morris, 856 Barry Ave. has offered to do the same. Send covers with the proper remittance for the stamps you want put on your covers, and be sure to pay postage enough on your correspondence.

We certainly appreciate the kind co-operation of all friends who are continually sending us items of interest to all of the readers of this column; and if you could see the letters which we receive from such readers you would know how much they appreciate your co-operation. *Christmas Seals and Charity Stamps*  
A Monthly Department  
Edited by  
A. W. C. BRUMFIELD,  
99 W. Pratt St. Indianapolis, Ind.

Few collectors know that the Kensington Dispensary in Philadelphia issued TB seals in 1907-8. They are Green's No. 267, 268 and 269. The first, inscribed "Merry Christmas" was issued in 1907. The second and third respectively "Easter Greetings" and "Greetings" appeared in 1908.

Brazil has again issued a seal with the date 1932 below, a child with wings and outstretched arms walking on clouds in center and on her left a double barred cross, with a starry background of green. The words "Feliz Navidad" in red are on the clouds and a value of 5c in lower left corner.

Japan has issued two seals through its "shizenuryoyosha" Society, both bear the dates of 1932-33 and above name so their identity will be easy.

South Africa has issued two seals, both dated 1932 in red and black, one in English and the other in Boor language.

Korea is the latest country to join in the good fight against Tuberculosis and has issued a seal in yellow green, black and red in booklet form 5x2 with the wording Xmas and New Year Greeting 1932-33 above a double deck pagoda and "Good Health" below and double barred cross.

Egypt has issued a "Xmas Seal" for use on mail of troops stationed there. The design consists of a rough sketch of a camel and the Pyramids, along with the inscription "British Forces in Egypt. Xmas Seal. 3 Milliemes 3."

From the March Bulletin of the N. T. A. we learn that the Delaware Anti-Tuberculosis Society is offering 5,000 of the 1907 seals for sale, and it indicates that more of them may be in the hands of the Delaware Society. We understand from other sources that these have been temporarily withdrawn from sale and that up until a year ago these were placed on consignment with certain dealers. We understand that the Delaware Society is preparing to market them. What the effect on the price will be, it is impossible to say. Even if they hold up the price and only release a few, the psychological effect of such a large stock cornered and concealed until now will bring the price down. We expect the 1907 to be selling soon at only a few cents each. A suggestion has been made, that in view of these facts, the 1907 be dropped from our listings. This could be done very nicely as the 1908 was the first National seal issued as the 1907 were issued locally and not by the American

Red Cross or the National Tuberculosis Association. We understood that there was an agreement that all unsold stocks must be destroyed at the end of the sale each year. This has not been carried out we know as the headquarters of the National Tuberculosis Association has a stock of seals from which we understand they sell wholesale to dealers. It is very deplorable that the taint of possible profiteering should come into this hobby.

The following communications are from Mr. Kinkead.

**To the Members of the Christmas Seals and Charity Stamps Society:**

It has come to the knowledge of your President that there exists a tremendous stock of seals of 1907 covering both types I and II. This knowledge is also shared by the National Tuberculosis Association as well as the Scott Stamp and Coin Co., who were the printers of the original check list which the writer prepared early in 1928.

At that time the compiler of that check list had access to and knowledge of certain stock of seals on which he based the prices that were then placed on all the known seals. It is obvious that if the compiler or the Scott Stamp and Coin Co., or the National Tuberculosis Association had known of the quantities of the seals of 1907, that we now know of, being in existence, such prices that we placed on these seals would have been ridiculous. The prices that were placed on these seals were based on the known stock of that time and were in line with the method of pricing postage stamps by the Scott Stamp & Coin Co.

We also have knowledge of a stock of other seals, covering issues of 1908, 1910-11-12 and Type 3 of 1913, which you will find revised downwards in the supplementary catalogue.

We are naturally very much chagrined that these stocks should now come to light after we had made every effort to ascertain if such stock existed, by communicating with the parties holding these stocks 6 or 7 years ago. They chose then not to reveal the fact that they had them, which has put all of us in a very embarrassing position of being compelled to revise the prices downward of certain seals.

W. L. KINKEAD,  
Pres. C. S. & C. S. S.

A series of complaints have reached our President from the National Tuberculosis Ass'n. and the printers of the National seals. On the front page of the 1928 Christmas Seal Check list, a suggestion was made that the Printers and others are not to be written to about seals. Unfortunately this warning was not repeated on the May 1932 list.

The Printer's contract with the N. T. A. states that no sample seals are

to be furnished to any one, and the Printers are respecting that contract.

Evidently the information about Printer's marks published in this column in Linn's Dec. 3, 1932, prompted many of these letters. Dealers have tried to buy seals at low prices. They cannot be accommodated.

Our President's position in the Tuberculosis field, as a volunteer worker during twenty odd years, has given him an unusual opportunity to know what is going on; and if any member desires information, if he or she will address Mr. Kinkead, sending a stamped addressed envelope, he will receive a reasonably prompt reply.

Please respect the suggestion not to write the Printers.

A cacheted cover issued on the date of the burial of the late Mayor Anton J. Cermak, of Chicago, was issued March 10 and sponsored by Chicago Chamber of Commerce. Helen B. Rawls of Chicago sends a copy.

The St. Paul Sunday Pioneer Press and Dispatch of St. Paul, Minn., now carries a regular weekly stamp column. It is the regular Associated Press column edited by Quinton James. In conjunction with this feature there is a department devoted to Twin City Stamp News, which is devoted to local activities.

## Postage Stamps Are of International Value

You can get for them Francs, Pound Sterlings, Gulden or any other currency you wish today or any day. Rareties are like high priced first class bonds or like one-thousand dollar bills, the value is there but you can not place them any old place, and as I always believed to rely not on a few individuals but on the masses I have always specialized in attractive medium priced

## Picture Stamps

for which there is always a ready market anywhere in good and bad times and too, they raise quicker in value than anything else.

Just to give you a few examples:

It was about 6 years ago that I sold the last of my picture sets of North Borneo and Labuan. I would be glad to pay today several hundred per cent more than what I sold them for. It was only 5 MONTHS ago that I sold the last of my Nyassa triangles and already the wholesale price of them jumped more than 50%.

Due to the fact that I have to go back to Europe very shortly and that before leaving I want to take care of certain obligations I have in U. S. dollars I am offering to

**BROADWAY CHATTER**

By BI STANDER

Echoes of the bank holiday \* \* \*  
Some speculators with plenty of cash in their pockets made a trip around most of the dealers trying to pick up good things below the market. No success at all they murmur mournfully \* \* \* A six course dinner served in a Broadway restaurant for five airmail and two special delivery stamps mint.

At Max Ohlman's auction on Saturday, March 4th. A crowded room mostly dealers out for good buys on South American stamps wholesale. All on pins and needles on account of the bank situation. Just before the sale auctioneer made the revolutionary statement that no lots could be taken after the sale of that day. After that cash would have to be paid but we hear that restriction was lifted and checks accepted. The bidding was spirited, some lots went well, and others not so good. The largest sale of wholesale South Americans we have seen in years.

D. S. Wylie of 20 E. 41st St., has moved to room 502, at 7 East 42nd St. Mr. Wylie is an old time dealer of many years' experience.

Mr. A. Deutsch, formerly manager of the philatelic department of the Elbe File and Binder Co., has gone in business for himself at 71 West 45th St. Mr. Deutsch has an extremely fine personality and is well liked by the trade here. He will manufacture albums and will carry other philatelic supplies.

We have advance information on the issuance of two new sets of stamps of Newfoundland. One set of airmails will be placed on sale May 1st when the gold rush is expected to start into Labrador. Second issue commemorates 350th anniversary of settlement of Newfoundland by Sir Humphrey Gilbert. By the way, the regular airmail of Newfoundland should greatly increase in value because 70,000 of the 15c watermarked have been overprinted for regular postage purposes, and the unsurcharged ones therefore are good property.

Stocks of the 10c map and 10c Lindbergh U. S. used have been sadly depleted in wholesale dealers hands here. Prices have risen greatly on these two stamps.
